**Subject :** Recharge validity 28 days to 30 days for**To :** Mr Kaushal Kishore <advfea1@traf.gov.in>

Trai team,

Due to the 30-day recharge, 28 days, there is a huge financial burden of the general public, the trouble of doing it again for 30 days is because it will be done 2–2 days to 13 months instead of 12 months in a year and we People have to be recharged 13 times, this being 30 days can reduce the financial burden of 1 month recharge in a year, which is very much for the common man.

Therefore, I humbly request you to please do this 28 to 30 days and also implement this rule as soon as possible.

Thanks and regards
