Sub: Reconsideration of IUC by TRAI

Dear Sir,

It has been observed that TRAI is under humongous pressure to review it's own decision of abolish of IUC charges, which was earlier decided by honorable TRAI.

We the customers are facing lots of challenges while getting good service from various sectors. Now a days, with the increase in rates in various industry, it's been difficult manage day to day life and mange even kitchen. With review of **IUC abolish** decision may ask for tariff hike by the operators, which will in return impact directly to us.

Hence being the guardian of customers interest, its your duty to protect us from this tariff war between various operators, which might be forced on consumers, for the sake of profit making.

Regards
