Subject: supplementary DTH tariff on consullate paper 24.12.2009

To: bcs@traf.gov.in

To

The secretary to TRAI

The DTH tariff should be as follows :-

Their rate should be Rs. 82.00 per month for all free to air channels and they should provide separately.

Rs. 5.35 per pay channel for each pay channels per month wise.

We want the pay channels as we want whatever to view.

The dth operations as harassing the customers by offering new services everyday and pressing for charging.

Yours sincerely,

Dalia Sett
