

R/Sir,

I am the customer of BSNL having land line connection/Mobile post paid connection. BSNL is sending the telephone/mobile bill by postal. Some time it is observed that the bills are not receiving by me at proper time and my services are get disconnected several times due to non payment. So I requested to BSNL to sent my telephone/mobile bill on my email address so that I can receive the bill within stipulated period so as to avoid the disconnection of my services.

It is therefore requested to issue the instructions to the BSNL to issue the telephone /mobile bill on email. By doing this we can save the papers and ultimately saving the nature by saving cutting of trees.
