Dear Sir,

This is regarding to TRAI's plan to review Interconnection Usage Charge (IUC) regime in telecom sector. Earlier, TRAI had come out with a consultation paper on IUC and recently it had invited consumers and industry leaders' opinion/insights on if the Bill and Keep (BAK) regime should be deferred from the date (1 January 2020) as set earlier.

We respectfully request that the already-belated evolution to BAK by 01.01.2020 was already prescribed and it would be incorrect and unfair to revise that decision now.

We earnestly urge the Government of India to instruct TRAI to adhere to its earlier prescribed schedule for BAK for the larger interests of the country.
